The Mission of the Centura Booster Club is to support and assist with the programs and activities of Centura Students, thereby creating positive experiences for all our youth. This will be accomplished by recognizing the endeavors and achievements of teams, groups and individuals, by assisting the students, teachers, coaches/sponsors, and administrative staff, by increasing community enthusiasm, and raising funds to support these interests.

The Annual Golf Tournament, Youth Basketball Tournament and Achievement Night are some of the volunteer opportunities we will be contacting the Centura Community about throughout the year. Thank you for your support!
